Description of accommodation

The motif language of the "Garden of Eden" runs like a red thread through the entire flat. This barrier-free flat is located in the very best city centre of Linz ... on the top floor (5th floor) of a residential and commercial building constructed in 2010. Of course, the lift takes you from the ground floor directly to your own flat door. The spacious entrance area is the central distributor: To the left, facing east, is the bedroom with an "upstream" wardrobe area. To the right, facing east and south, is the wonderful living-, cooking- and dining room. In the bathroom with floor-level XL-shower, you are literally immersed in a jungle. The floor-to-ceiling windows in all rooms underline this very special ambience with lots of daylight. The highlight is the general roof terrace, which is located directly above this flat - a wonderful urban green refuge above the roofs of Linz... with a 360° panoramic view! A bicycle room is available for general use.

Optionally, an XL-parking space can be rented in the building's own underground car park ... also accessible barrier-free by lift.

... the perfect flat for all situations!
